

Apex Adhesive system

Apex Adhesive System

The latest Apex adhesive system provides your assurance of high performance and clean removal, from a permanent adhesive.

The high quality, fully cross linked, solvent based adhesive provides a secure bond to the substrate after application. When it comes to removal this permanent adhesive proves one of the cleanest to remove.

The end result are Metamark products that have been specified for many applications including Taxis and other Commercial livery. Apex is partnered with the following Metamark products:
